David Francis
Haywood County Tax Collector
215 North Main Street
Waynesville, NC 28786

Bobby Suttles
Haywood County Sheriff
1620 Brown Avenue
Waynesville, NC 28786

Subject: Personal Property Listing Letters.

I have completed entering data from the Personal Property Listing letters into a data base that you provided access to me on 10/30/2012 and 11/8/2012, and I am missing 794 letters. I cautioned you to insure that all the letters were there.

On 6/21/2012, David Teague, Haywood County Gatekeeper, sent me an e-mail that indicated:

The tax office generates more than 2,000 letters and abstracts each year similar in nature to the one received by Ms. *****. Copies of each letter and abstract are maintained in the tax office.

I have data for only 1206 Personal Property Listing letters. Where the hell are the remaining 794?

The total "value" for those 1206 letters is \$7,570,375.00 with an average "value" of \$6,277. If you extrapolate the total "value" of those letters to 2,000 letters, we are now talking about a "value" of \$12,554,519.

Sheriff Suttles - Can you please designate a deputy to accompany me to the Tax Department so that I can personally inspect these files in their entirety?

Back to you, Mr. Francis -

When I came to the Tax Office on 11/8/2012, I was met by Greg West, and another woman who carried the remaining letters over to the conference room across the hall. You had instructed Greg West to pull out a video recorder and record me taking photographs of the remaining letters you provided to me on that date. What were you planning to do? Post this video on the government access channel?

Greg West Setting up video camera to video record me, accessing public records.

- I would like a copy of that video recording on a DVD.

At 12p, you came to the conference room to lock the place down for lunch, but I had only about 10 minutes remaining, and with Greg West's consent, we concluded about 12:10p.

I made a written request for additional public information and presented it to you then, requesting complete access to two (2) files:

- Person A, the individual who received a letter for \$1,180,
- and person B, the individual who paid \$2,125.09.

You indicated you would have to check the files first to see what was in them. I would like to see the complete files. When am I going to have access to those files?

- Have you contacted Henry Jenkins yet regarding you offering to cover his bounced check charges for mistakenly draining his bank accounts?

I have a laundry list of questions that you have refused to even acknowledge, and have ordered and prevented anyone in your tax department to respond to. It's about time we get those out into the open. These questions, and the complete data base that I have created are appended to this letter. I would like answers to these questions. Let me know when I can come in to discuss these with either you or Judy Ballard.

Monroe A. Miller Jr.

Questions for David Francis
October 22, 2012

Some of these questions related to specific individuals, and are referred to as

- Person A, the individual who received a letter for \$1,180,
- and person B, the individual who paid \$2,125.09.

- 7/5/2012 - Francis. “I am under no compunction to meet with you personally, professionally or statutorily.” List the NCGS that says statutorily that as custodian of Haywood County Tax Information, he is not required to produce public information at a public meeting.

- How did the county get A's name, as she lives in an entirely different county and has no tax obligations in Haywood County?

- An explanation of why this letter was sent to A. How was her name ever associated with a 72 Prowler Camper & 82 Chevy Truck as the owner?

- Who do you get this vehicle information from?

- The letter demands her signed abstract. “ ... failed to receive your signed abstract ...”! What abstract? All A received was this letter. I would like a copy of an example abstract. Obtain copy of the “Duplicate Abstract”.

- How many letters like this went out to Haywood County Taxpayers, and non-Haywood County Taxpayers (as did to A). David Teague indicated 2,000.

- Were these letters stopped (being sent out) after I started making inquires about these letters?

- What is the total **billable** amount for all the letters that were ever sent out by the Office of the Assessor?

- I'd like the specifics about these letters which includes the **name, address, account number, personal property information,** and **the taxed amount.** Your choice either in a .pdf file of all the letters sent out, a spread sheet file which includes the above information, or copies of the word processor file of each letter.

- Why is it she was listed as the owner as of January 1, 2012?

- Show NCGS requiring that it is the taxpayers responsibility to list **personal property** with the county. What is your definition of “personal property” and how is that different than “private property”?

- Show NCGS that there is a 10% penalty for failure to list personal property.

- Show NCGS that there it is a Class 2 Misdemeanor for failure to list personal property.
- Show full detailed account, itemized listing, of all alleged property tax on each item plus the interest charges, amounting to \$1,180, for A's letter.
- When has any taxpayer [not involved in a commercial activity] been required to list personal property every year?
- 6/21/2012 - Teague. "There is no spreadsheet or document that summarizes the information you requested". Ask this again - how will anyone keep track of status of these letters?
- B was in various negotiations with Francis, waive interest? I would like to examine his file.
- Inspect letter to B. Get account number for B.
- Was this "bill" to B ever paid, and by whom?
- Was this paid here at the Haywood County Courthouse, or at the drop box in Charlotte? [P.O. Box 63040, Charlotte, NC 28263].
- Mortgage payments and property tax bill have my name and address in cap's. Francis' "not a bill" does not. Is there any significance to that?
- Inspect full detailed account of all alleged property tax on each item plus the interest charges for B.
- Was B ever threatened to have his wages garnished, or were his wages ever garnished with any employer?
- Is the county garnishing (i.e. taking/transferring) payments directly from any persons bank accounts with regards to this "not a bill"?
- Where are the computer files of all of these 2,000 Personal Property Letters. Who has them? Who wrote them. I would request copies of all of these files/letters in electronic form.
- How much has been collected from these "not a bill" letters that went out?
- Total amount of these "not a bill" that did not go out?
- On a Personal Property Listing letter to Stephen Dye, Account 216874 regarding a camper, you indicated "For the 2012 tax year, since the above-mentioned property has a valid NC DMV tag, you will only be charged a landfill fee [Mr. Dye lives in Columbia, SC].

[Editors Note: Data hand entered from photographs of 1106 Personal Property Letters]
