Subject: Complaint against Charles C. Meeker.

I, the undersigned hereby complain against

Charles C. Meeker
Parker Poe
150 Fayetteville Street, Suite 1400
Raleigh, NC 27601
(919) 890-4168

I agree to cooperate by furnishing to the representatives of the North Carolina State Bar all pertinent information and records in my possession concerning the alleged misconduct of said attorney. I further agree that if a hearing or inquiry is ordered concerning the alleged misconduct of said attorney, then I will furnish evidence concerning the facts by submitting to deposition or personal attendance at the hearing or inquiry. I hereby indicate that this information is provided and transmitted by me to the North Carolina State Bar for the purpose of investigating the alleged misconduct of the above named attorney. I understand that I may also need to reveal this information to a privately-retained attorney to pursue private remedies on my behalf. I further understand that the immunity granted by North Carolina General Statute 84-28.2 applies only to those statements made without malice and intended for transmittal only to the North Carolina State Bar.

I also understand that the North Carolina State Bar may reveal this information to the accused attorney for his response to a formal inquiry and to others pursuant only to the Rules and Regulations of the North Carolina State Bar.

Charles Meeker was hired by Haywood County, a Corporate Politic, to defend the county against a case filed by Denny and Debby King with the North Carolina Property Tax Commission regarding excessive taxes from the 2011 county revaluation. Meeker was installed as a "Gatekeeper" of any and all public information requests the King's made to the county to support their case. Meeker insisted all communication regarding Requests for Public Information the Kings made go through him. Since when does a party in an action have to go through the lawyer on the opposing side to request information about a case?

The King's won their case with the Property Tax Commission, case number 11 PTC 838. The Haywood County Commissioners decided to appeal the decision, which is where things stand now.

The ruling, 11 PTC 838, is found on my website, www.haywoodtp.net ,
<http://haywoodtp.net/pubII/130702PTC-King.pdf>

The documentation being supplied for this complaint begins with e-mail dialogs, beginning on December 14, 2012, prior to the hearing with the PTC, from Denny King to Judy Ballard, Haywood County Tax Assessor, and additionally, David Teague, (the original "Gatekeeper"), Haywood County Public Information Officer. This documentation has been assembled and posted on my website, again, www.haywoodtp.net,

<http://haywoodtp.net/pubII/130819DialogwithMeeker.pdf>

This documentation is attached to this complaint.

Denny King first mentions Charles Meeker in an e-mail dated December 21, 2012, wherein Meeker is evidently acting as an intermediary sending Denny King the information that he has requested, and not all of it, mind you.

In an e-mail the same day back to Judy Ballard, Denny King complains that Meeker has inserted himself as an intermediary.

I have taken the liberty of highlighting and putting in bold one of Denny King's statements that follows:

Ms. Ballard,
I sent a public information request to you and Mr. Teague, December 14, 2012. Who sent this request to the lawyer representing the county? As a private citizen of Haywood County I have the right to request public information without going through a lawyer that is defending the county against my tax appeal.
I think this may be a conflict of interest when public information I am requesting through the county is being filtered through a lawyer.

Ms. Ballard, I believe you are the custodian of the public records in the tax office. I will go through your office to get public information regarding tax information. I have not received the information requested.

PUBLIC INFORMATION REQUEST:

December 14th I requested in part the following:

"I need a copy of the procedure used to establish neighborhood rates. Please include any checklists, rating system, calculations, instructions, or other data that was used by the county personnel, or outside contractors that were performing the analysis.
Also, please include any checklists, rating system, calculations, instructions, or other data that was used by the county personnel, or outside contractors that were performing the analysis.
Also, please include the documentation, including the ratings sheet, and any other pertinent data used to determine the following neighborhoods:
15R043 Laurel Ridge
15R055 Westwood & Georgia
02R021 Beaverdam Watershed
16R066 Harriets Trail"

For clarification I am requesting information including the calculations, rating system, and any other data documented by county personnel and anyone else to determine the neighborhood rates for these neighborhoods. I want to see the completed analysis from the county showing why some are rated higher than others. I want the calculations used to come up with the neighborhood rates.
I also requested the name of the person, or persons that performed the analysis on the neighborhoods in question. Did James Messer, Greg West and Dale Campbell work as a group to determine the rates for all of the neighborhoods listed above? If not, please list specifically the names of those that determined the rates for each of the neighborhoods in question.

Let me know when this information will be available and the charge for the records.
Best Regards,
Denny King

Denny and Debbie King never did receive all of the information they had requested from Judy Ballard, and filtered through the two "Gatekeepers", Charles Meeker and David Teague, but went on to win their case with the Property Tax Commission.

See <http://haywoodtp.net/pubTP/T130803.pdf>

Charles Meeker was acting with Moral Turpitude when he began “responding to public information requests related to that appeal”. The county, in essence, asked Meeker to be a “gatekeeper”. We all know from Buncombe Superior Court Ruling, case 99 CVS 03497, you can’t do that. The folks here in Haywood County can’t seem to get that through their heads.

A lawsuit was filed in Buncombe County in 1999 by Don Yelton and other plaintiffs 99 CVS 03497 (enclosed), because the then (and still current) Buncombe County Manager, Wanda Greene, attempted to insert herself as a “gatekeeper” in the implementation of the County’s policy. Specifically, Superior Court Judge Loto Caviness ruled:

5. That the term “custodian of public records” as contained in North Carolina General Statutes Section 132-6(a) refers to the individual who in fact has possession of records, and not to the County Manager other than as to those records which she does in fact have personal possession of, and the Defendant Greene cannot therefore legally make herself in effect a “Gatehouse” for access to public records as she has attempted to in the implementation of the County’s policies to these Plaintiffs”.

Judge Caviness struck down Buncombe County’s attempt at inserting a “gatekeeper” between the public and the custodian of public records”.

<http://haywoodtp.net/pubII/120803-99cvs03497.pdf>

The King’s were well within their rights to request public information from the “custodian of public records”, in this case, either Judy Ballard or David Francis, depending on the request. They did not have to go to or through or have their information filtered through Charles Meeker.

In a related Request for Public Information, I requested on August 4, 2013 a clean copy of Haywood County Neighborhood Delineation Rates. I addressed the request to David Francis, elected Tax Collector and now Tax Administrator, and to Charles Meeker, presuming he was still acting as a “Gatekeeper” with Haywood County’s appeal of 11 PTC 838. I asked Meeker: “Since when does a party in an action have to go through the lawyer on the opposing side to request information about the case. Talk about a conflict of interest! Can you please let me know in the Rules of Professional Conduct where this is not a conflict of interest?”

I received a letter (not an e-mail) from Charles Meeker Dated August 5, 2013, enclosed. He admits in the letter that the county asked Parker Poe to assist the County in presenting the County’s appeal as well as responding to public information requests related to that appeal.

In a second letter specifically to Meeker on August 8, 2013 (enclosed), I asked Meeker questions on a wide range of issues. At that point, Charles Meeker went dark.

Rules of Professional Conduct.

RULE 3.4: FAIRNESS TO OPPOSING PARTY AND COUNSEL

A lawyer shall not:

(a) unlawfully obstruct another party’s access to evidence or unlawfully alter, destroy or conceal a document or other material having potential evidentiary value. A lawyer shall not counsel or assist another person to do any such act;

(b) falsify evidence, counsel or assist a witness to testify falsely, counsel or assist a witness to hide or leave the jurisdiction for the purpose of being unavailable as a witness, or offer an inducement to a witness that is prohibited by law;

© knowingly disobey or advise a client or any other person to disobey an obligation under the rules

of a tribunal, except a lawyer acting in good faith may take appropriate steps to test the validity of such an obligation;

(d) in pretrial procedure,

(1) make a frivolous discovery request

(2) fail to make a reasonably diligent effort to comply with a legally proper *Rules of Prof'l. Conduct: 9-45* discovery request by an opposing party, or

(3) fail to disclose evidence or information that the lawyer knew, or reasonably should have known, was subject to disclosure under applicable law, rules of procedure or evidence, or court opinions;

(e) in trial, allude to any matter that the lawyer does not reasonably believe is relevant or that will not be supported by admissible evidence, assert personal knowledge of facts in issue except when testifying as a witness, ask an irrelevant question that is intended to degrade a witness, or state a personal opinion as to the justness of a cause, the credibility of a witness, the culpability of a civil litigant, or the guilt or innocence of an accused; or

(f) request a person other than a client to refrain from voluntarily giving relevant information to another party unless:

(1) the person is a relative or a managerial employee or other agent of a client; and

(2) the lawyer reasonably believes that the person's interests will not be adversely affected by refraining from giving such information.

Charles Meeker violated (at least) two (2) aspects of **Rule 3.4**.

- He unlawfully obstructed another party's access to evidence, and
- He unlawfully concealed a document having potentially evidentiary value.

In the first instance, the King's did not receive all the information they had requested (see attached e-mail correspondence between King / Ballard / Teague / Meeker.

In the second instance, no one from the county, again Francis / Ballard / Teague / Meeker offered anything about Neighborhood Delineation Rates. The cat was let out of the bag when Doug Huffman, an employee of the Property Tax Commission, the guy who came to Haywood County to "act as mediator" between the County, Taxpayers and the Property Tax Commission, let slip one day to the King's, the whole concept of "rates". That would be Neighborhood Delineation Rates, the entire basis of why the Kings won their case with the Property Tax Commission and why the Property Tax Commission found that:

"2. In this appeal, Appellants did present evidence tending to show that the county tax supervisor used an arbitrary method of valuation; and that the county's assessment substantially exceeded the true value in money of the property." [re: 11 PTC 838].

I re-state: Charles Meeker was acting with Moral Turpitude when he began "responding to public information requests related to that appeal".

If I didn't chose the most significant rule in this grievance, Rule 3.4, why don't you consider and review the following additional Rules to see if misconduct also applies.

Rule 1.2, Rule 1.6, Rule 1.7, Rule 1.8

Rule 1.11

Rule 2.4

Rule 3.4 (enclosed)

Rule 4.2, Rule 4.3, Rule 4.4

August 19, 2013

Subject: Dialog with Charles Meeker, lawyer for Parker Poe, who lost the county case with the Property Tax Commission.

Charles Meeker, of Parker Poe, a law firm the county frequently uses, was hired to defend Haywood County at an action brought by Denny and Debbie King with the Property Tax Commission, regarding excessive tax on their property based on the last county revaluation. The county lost! The Kings won.

See [Property Tax Commission FINAL DECISION. Denny King won based on County Improper Neighborhood Delineation. David Francis and Haywood County LOST! 6/21/2013. 7/2/2013...](#) ,

at

<http://haywoodtp.net/pubII/130702PTC-King.pdf> .

The ruling said, in part:

BASED UPON THE FOREGOING FINDINGS OF FACT, THE COMMISSION MAKES THE FOLLOWING CONCLUSIONS OF LAW:

- 2 In this appeal, Appellants did present evidence tending to show that the county tax supervisor used an arbitrary method of valuation; and that the county's assessment substantially exceeded the true value in money of the property.

The county set Charles Meeker up as a "Gatekeeper", and the Kings were told to request any public information regarding their case through Charles Meeker.

The following are e-mails early on, prior to the PTC hearing, where the Kings were attempting to request and receive public information from the Assessor's Office. After the hearing, I requested additional public information regarding Neighborhood Delineation Rates, and the following exchanges occurred.

[**Editors Note:** E-mails are presented in date time order, that is, earliest e-mails first, ending with the last.]

Subject: Request for information

In preparation for our property tax appeal next month in Raleigh, I need a copy of the procedure used to establish neighborhood rates. Please include any checklists, rating system, calculations, instructions, or other data that was used by the county personnel, or outside contractors that were performing the analysis.

Also, please include the documentation, including the ratings sheet, and any other pertinent data used to determine the following neighborhoods:

15R043 Laurel Ridge
15R055 Westwood & Georgia
02R021 Beaverdam Watershed
16R066 Harriets Trail

I also need the name of the person, or persons, along with their contact information, that performed the analysis on these neighborhoods.

I would like to pick this up Tuesday, December 18th, and will pay whatever is required at that time.

Best Regards,
Denny King

Mr. Teague,

I will be in Waynesville today to pick up the public information I requested in an email sent December 14th.

Should I come to your office, or the tax assessor's office?

I'm not sure if you are aware of the email from Charles C. Meeker, but his response did not provide the information I requested.

Best Regards,
Denny King

Subject: Public Records Request
Date: 12/27/12 3:08:54 PM
From: kingsplace@charter.net
To: JBallard@haywoodnc.net
Cc: DBFrancis@haywoodnc.net, kingsplace@charter.net

A copy of the request I hand delivered to Judy Ballards office also, to David Francis today.

Public Records Request
12-27-2012

I am requesting the total number of homes in each of the following neighborhoods: and the specific number of grades in each neighborhood - (quantity of AAAs, AAs, As etc... and condition, E, VG, etc...)

Neighborhood 02R021
Neighborhood 15R043
Neighborhood 15R055
Neighborhood 16R066

Was 2011 the first time Haywood County used Neighborhood Delineation and applied rates to each neighborhood?

What counties in NC use Neighborhood Delineation with rates?

Prior to the Haywood County 2011 revaluation, how many times has James Messer, Greg West, and Dale Campbell determined neighborhood rates for a county? What are their credentials and experience with neighborhood delineation and their rates?

Who approved the rates that were set in each neighborhood?

When did the approval take place?

Did the commissioners vote on the specific rates for each neighborhood?

Example: Did they vote for the following:

15R043 Laurel Ridge 0.00
15R055 Westwood & Georgia 1.20
02R021 Beaverdam Watershed 1.30
16R066 Harriets Trail" 0.00

or, did they vote on the Schedule of Values?

Where do I find the section in the schedule of values indicating the analysis, variables, spreadsheets, instructions, calculations, etc... that was used to establish the neighborhood rates in the county.

I would like sales comps from 1-2009 through 12-2010 in neighborhoods with rates of 1.2 and higher.

When can I expect to receive the information I requested from Judy Ballard on October 1, 2012 and December 14, 2012?

[**Editors Note:** This ends some of the public requests for Information by Denny King].

[**Editors Note:** Here starts my requests for public information. This is actually a piggy-back off of a request made by Jonnie Cure].

Subject: Request for Public Information.

This Request for Public Information is a piggy-back to the request you have already received from Jonnie Cure on 7/31/2013. She had requested the Neighborhood Delineation Rates created during the last revaluation. I had obtained copy of these rates from Denny King when some employee at the Tax Department printed them out for him on a dot matrix printer, and are now appended to a recent issue of Haywood County Toeprints, <http://haywoodtp.net/pubTP/T130803.pdf> . (Who still uses a dot matrix printer?)

As you can see, the version that I have of these rates is of poor quality, and I would like to enhance my readers experience by providing them with a nice fresh copy. Can you please re-print this, scan it and e-mail me a copy?

Mr. Meeker, I suppose I should be making a simultaneous request to you, as I understand before the PTC hearing, you had directed the King's to make any request for Public Information through you, the lawyer for the county. How does that work? Since when does a party in an action have to go through the lawyer on the opposing side to request information about the case. Talk about a conflict of interest! Can you please let me know in the Rules of Professional Conduct where this is not a conflict of interest? I have a fresh, brand new copy of the Rules of Professional Conduct, courtesy the North Carolina Bar Association, which I posted on my website, www.haywoodtp.net, -

Say David,

Now that we're pal's again, you seemingly have climbed out of your bunker and unlocked the files to Haywood County Public Tax Information, would you mind taking a look at those pesky questions I have for you regarding the Personal Property Letters you sent out?

They are on page 3 & 4 of the following link...
<http://haywoodtp.net/pubII/121113Francis.pdf>

Thanks, you're a pal

Monroe Miller

Subject: Letter of August 5, 2013.

Thank you for responding separately in a written letter to me regarding a question of Conflict of Interest. Unfortunately, I don't believe your letter answered my main concern, which restated from my August 4th letter is: "Since when does a party in an action have to go through the lawyer on the opposing side to request information about the case?"

Your letter raises concerns at a number of levels, so I will simply methodically go through them one by one.

- Why did you even respond to me? I am not your client, Haywood County is your client.
- You restated my original concern into two new completely different sets of actions, and then you commented on those two sets of conditions, saying there was no conflict. The two conditions you stated were:
 1. "... we were asked to assist the County in presenting the County's position on that appeal", and
 2. "as well as responding to public information requests related to that appeal."

These were completely unrelated to my original concern, which still stands.

- You were not authorized to perform your second action, "as well as responding to public information requests related to that appeal". The county, in essence, asked you to be a "gatekeeper". Well, we all know from 99 CVS 03497, you can't do that. The folks here in Haywood County can't seem to get that through their heads.

A lawsuit was filed in Buncombe County in 1999 by Don Yelton and other plaintiffs 99 CVS 03497 (enclosed), because the then (and still current) Buncombe County Manager, Wanda Greene, attempted to insert herself as a "gatekeeper" in the implementation of the County's policy. Specifically, Superior Court Judge Loto Caviness ruled:

5. That the term "custodian of public records" as contained in North Carolina General Statutes Section 132-6(a) refers to the individual who in fact has possession of records, and not to the County Manager other than as to those records which she does in fact have personal possession of, and the Defendant Greene cannot therefore legally make herself in effect a "Gatehouse" for access to public records as she has attempted to in the implementation of the County's policies to these Plaintiffs".

Judge Caviness struck down Buncombe County's attempt at inserting a "gatekeeper" between the public and the custodian of public records".

The King's were well within their rights to request public information from the "custodian of public records", in this case, either Judy Ballard or David Francis, depending on the request. They did not have to go to or through you.

- Since you still appear to be wearing the hat of responding to public information requests related to that appeal (and this new appeal), I'm wondering why you didn't provide the information I requested on Neighborhood Delineation Rates, rather than having David Francis send it to me. You have got to know that it was torture for him to do that.
- Why did you send a letter to me, when you copied David Francis with an e-mail?

Anyway, I did get the information, and I suppose I should thank you for that. I have updated my original Toeprints with this new information.

Regards,

Monroe A. Miller Jr.

Re: Letter of August 4, 2013

Dear Mr. Miller:

Thank you for the above letter. In response to your letter and in regard to the real property appeal filed by the Kings, we were asked to assist the County in presenting the County's position on that appeal as well as responding to public information requests related to that appeal. Since we represented Haywood County on both of these closely related items, there was no conflict of interest.

In terms of your current request for public information, the Haywood County Assessor's office is following up on that matter and will be in touch with you directly.

With best wishes,

Sincerely,

Charles C. Meeker

Re: Grievance against Attorney Charles C. Meeker
Our file number: 13G0837

Dear Mr. Miller:

Thank you for submitting the above-captioned grievance to the North Carolina State Bar for review.

Your grievance was reviewed by the Chair of the Grievance Committee and a staff attorney with the State Bar's Office of Counsel. After careful consideration of all of the material provided, it was determined that the available information did not show that the attorney's conduct violated the Rules of Professional Conduct. The grievance was therefore dismissed.

If you have questions about this matter you may contact Susannah Cox, the staff attorney assigned to this file. Again, thank you for writing to the State Bar with your concerns.

Sincerely yours,

John M. Silverstein, Chair
Grievance Committee
