Subject: Tough Guy Kevin Ensley Continues Personal Attacks for Repeated Public Record Requests.

Lawrence Kevin “Adjudication” Ensley, husband of **Alice Ensley**, resorted to another personal attack in response to two recent issues of Toeprints.

<http://www.haywoodtp.net/pubTP/T190824.pdf>
<http://www.haywoodtp.net/pubTP/T190825.pdf>

These two issues related to a continuing investigation over Francis Farm Landfill expenses, to which the county has never provided any specific information in response to valid Public Information Requests.

The following is my original request to Bryant Morehead at the beginning of this year...

Subject: Request for Public Information - Francis Farm Landfill, #1
Date: Wed, 30 Jan 2019 12:59:07 -0500

Bryant,

Terry Ramey had verbally requested financial expenditure information relating to the Francis Farm Landfill. To date, nothing has been forthcoming to Terry. This formal Public Records Request asks the same thing, but it is now a written request.

I have attached two graphs (on my very expensive and hard to obtain green graph paper), summarizing data from CAFR's from 2009 to date, 2017 was the latest for the preparation of these graphs. I am specifically interested in the accounting of all forms of revenue, including, but not limited to the LANDFILL FEE, which appears on every taxpayers property tax bill, and every expenditure that depletes this account, including, but not limited to any FINES imposed by DEQ or any other local, state or federal agency. Please include the costs for the recent French Drain constructed around the perimeter of the landfill, all costs by both McGill Associates, BLE and any other construction / engineering companies, the Dirt moving project headed by David Francis during the DOT interchange construction project, and most important, all of the legal costs that Julie Davis has buried God Knows Where.

I know that I told you that this would come after I had received the Request for Public Information on the Jonathan Creek Soil Reclamation Project (Super-Duper Sports Complex), but I am now not sure when or if that is going to happen. So here you go...

Thank you,

Monroe A. Miller, Jr.
Haywood County Taxpayer

I had requested public records from 2009 through current. **Bryant Morehead** sent me information from 1998 through 2018, not what I had requested. See the original four (4) pages **Bryant Morehead** sent to me following this letter.

Instead, **Lawrence Kevin “Adjudication” Ensley** resorted to another foul personal attack -

This material has been covered before. Seriously - Memory Care’s phone number is (828) 771-2219. Consider this as it’s evident you are having issues.

Folks, this is a duly elected county official spewing off personal threats on his official county e-mail account.

I am wondering why both of the towns to local newspapers are staying clear of this whole fiasco. Reason, they are covering for **Lawrence Kevin “Adjudication” Ensley**.
