Subject: Double Trouble for Sarge's - SOS Business License Expired, and Viau never signed MOU.

The hits just keep on coming.

Not only has **Sarge's** let their business license with the Secretary of State expire -

and

but now we learn that **Carol Viau** (pronounced vee-you), never signed the MOU between **Sarge's** and **Doyle Teague**.

WTF?

Perhaps that explains why **Bryant Morehead** has not been able to produce an executed copy of the document which I have repeatedly requested.

In a meeting between Terry Ramey, **Vicki Hyatt**, Kyle Perrotti and Luke Weir last Thursday, **Vicki** offered that **Carol Viau** had never signed the MOU.

Not believing my ear pans, I decided to visit the Liberal Hack News Editor this morning and hear it directly from the horse's mouth. **Vicki Hyatt** did indeed tell me that she heard from **Carol Viau** that she never signed the MOU. That was about the time the title of President of **Sarge's** was changing hands, so **Vicki** offered that was the explanation provided by **Carol Viau**. The implication from **Vicki** was that maybe someone else might have signed the MOU, attempting to cover **Carol Viau's** [expletive deleted]. Right now, this MOU is so toxic, I don't think anyone would be stupid enough to admit signing it.

The word from our excuse for a County Attorney, **Frank Queen**, is that he believes you don't have to have a signed MOU, only that the parties are abiding by the MOU [re: direct from the mouth of **Bryant Morehead** to Terry Ramey].

A truth in life is: A lawyer can only render an opinion, it is the Judge that makes the Ruling.
