Subject: Bittersweet Farewell or Good Riddance?

The dumb-as-a-brick reporter for the Mountaineer, **Becky Johnson**, has once again crossed the threshold of idiocracy. The perpetual water girl for **Jackee Brown's** husband, **Gavin Brown**, obviously has a predilection [(from Oxford) pre·di·lec·tion, /,predl'ekSH(ə)n, prēdl'ekSH(ə)n/, a preference or special liking for something; a bias in favor of something] for this piece of work.

In Becky Johnson's article today, "**A bittersweet farewell to Waynesville's outgoing leaders**", she quotes **Brown:**

*"All of you know my personal trials and tribulations and my family's trials and tribulations," **Brown** said. "I have never ever had anybody come up to me and castigate me for my personal predilections. They have simply said 'Humans make mistakes,' and go on about their business. I think at the end of the day humanity is what must preside."*

WTF?

For the record, I would like to make it known that my website, www.haywoodtp.net is littered with his [expletive deleted]-up's, and I have personally castigated **Brown** for he and his wife's transgressions, few, if any, which have been reported by **Becky Johnson** or her Liberal Hack News Editor, **Vicki Hyatt**.

Brown is scheduled to appear in court next month in Jackson County for the following...
