An Agenda Request was submitted by then Tax Administrator **Stephanie Parkins** at the October 7, 2019 county commission meeting. That pitch that was made to the county commissioners by Joe Wilson, Direct Sales Manager for Eagleview, in which was so good that county commissioners approved the request for \$114,977. Mr. Queen,

Please find attached (in addition to your "final" response) the Agenda Request submitted by then Tax Administrator Stephanie Parkins at the October 7, 2019 county commission meeting. This is the pitch that was made to the county commissioners by Joe Wilson, Direct Sales Manager for Eagleview, in which was so good that county commissioners approved the request for \$114,977. Then direct your attention to page 26 of that Agenda Request, and you will see a slide showing "Public Access". I was there at that meeting, and did not object to this request, because I thought I was going to get "Public Access".

Please provide to me the method and means so that I have "Public Access" to Eagleview Pictometry.

Thank you,

Monroe A. Miller, Jr.

Mr. Queen,

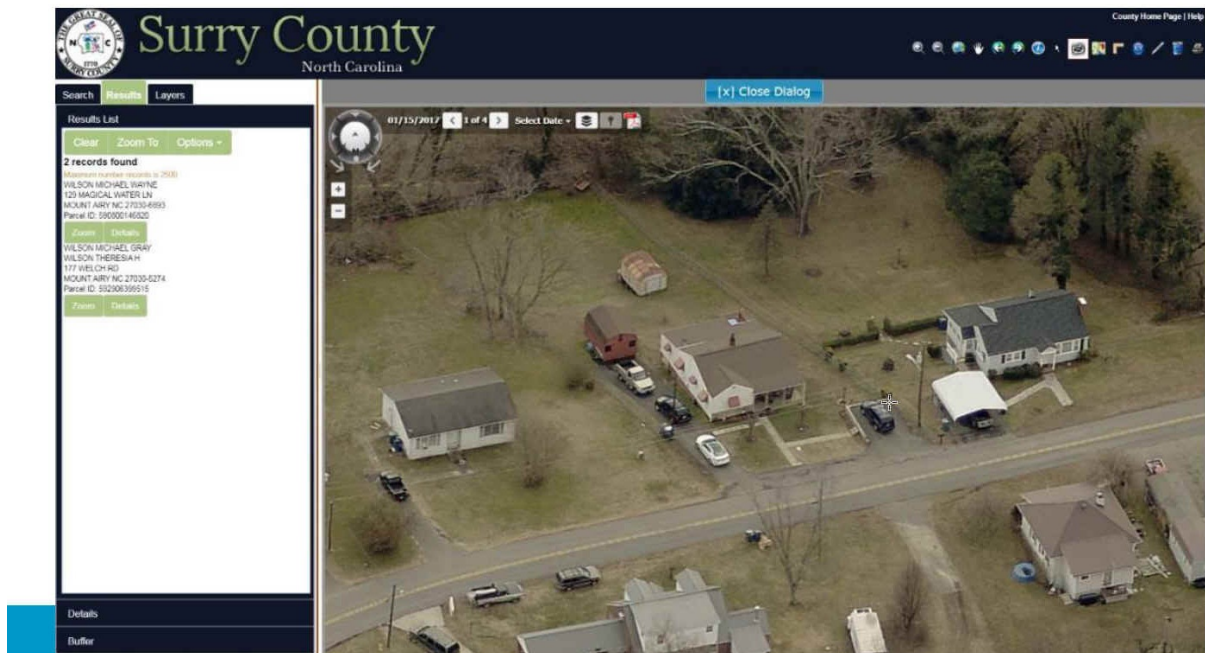

Thank you for your prompt knee-jerk/flip response to my request. Your response only took 12 and a half hours, as compared to the thirty-one (31) days it took you to respond to my original request to Stephanie Parkins on 12/6/2022.

I'll let you know when my Mission is Accomplished.

My Mission will be Accomplished when I can turn on my computer (or favorite device), log on to the Internet, go to the Haywood County website, select the GIS department, and select Eagleview, as was advertised on 10/7/2019 to the county commissioners by Joe Wilson from Eagleview, without having to pay anything for any copy charge.

I want to see a page pop up like this (as shown on page 26 of Joe Wilson's dog and pony show - see attached).

Public Access

What you and the county all have turned this into is spyware for the county, a method to spy on Haywood County Taxpayers, without providing an opportunity for Haywood County Taxpayers to see for themselves what the county is withholding from Taxpayers.

What you have provided to me, with your knee-jerk/flip response, is an opportunity for me to start another folder of stuff to accumulate for your next Grievance with the North Carolina Bar Association.

Speaking of Grievances, your last one being where you screwed Doyle Sutton with your kangaroo quasi-judicial court hearing, how is the lawsuit against the County by Doyle Sutton coming along. You know the one -

[20CVS828, Part \(1\), Burnette Doyle Sutton v. COUNTY OF HAYWOOD, acting by and through its Development Services Department and Board of Commissioners. Seven \(7\) parts, part \(1\) is the latest, part \(7\) is the oldest. 12/19/2022...](#)

Additionally, what are you doing with the lawsuit by the Town of Waynesville where Sherri Rogers is named, you know, 22CVS854.

[22CVS854. Update. Town of Waynesville suing ... \(get ready for this\) ... Sherri Rogers, Haywood County Register of Deeds, + David and Janice Hall, + Douglas and Melissa Gosnell, by Martha Sharpe Bradley. Jury Trial, that ought to be fun. Are these people out of their \[expletive deleted\] minds? 8/26/2022 10/13/2022...](#)

You were not at the last commission meeting, where I asked in my Public Comment -

- The Town of Waynesville is suing Sherri Rogers, Haywood County Register of Deeds. Will this be handled the same way the School Board, where Pat Smathers represents only the School Board members, and Trevor Putnam has to secure his own lawyer? Will Frank Queen represent Sherri Rogers? I have yet to hear. The Sheriff's Department has their own lawyer on staff. Will Sherri and our new Tax Collector have to hire their own staff lawyers, as the Sheriff does?

Are you representing Sherri Rogers or not, or does she have to retain her own lawyer?

I thought I would take advantage of your quick response time lately, as I am anxious to hear what your response.
